

ALLIES FEVERISHLY SEEKING PEACE

MOTOR CLUB MAY ENLIST COUNTY'S HELP UPON ROAD

McClain County is Ready to Repair its Share of Shawnee Stretch.

PONTOTOC CRITICIZED

County Flayed at Meeting of Ozark Delegates for Delinquency.

McClain county is ready to begin its share of repairing the road leading from Ada to Shawnee by way of the Asher bridge, according to a letter received Thursday by N. B. Stall, president of the Ada-Good Roads Motor Club.

Latest reports from that section of the Ada-Shawnee route are that it is practically impossible and that repair work is badly needed. A meeting of the motor club has been called for tonight at which the board of directors will take up with county commissioners the matter of repairing Pontotoc's share of the road.

This matter was one that attracted much attention at the recent Ozark Trails convention at Sulphur. Pontotoc county was severely criticized because it had failed to keep the road in order, and it was decided that Garvin, McClain and Pontotoc counties should furnish a committee to look after the matter.

Pottawatomie county has the road leading from the bridge into Shawnee in good condition, it is reported, and is threatening to withdraw from East Central district if Pontotoc county fails to keep the road open. Withdrawal from East Central district means withdrawal of support from East Central College, it is pointed out. Members of the Motor Club were confident the matter would be settled without further trouble.

May Promote Racing.

Mr. Stall, in calling the meeting, said that another matter for discussion was the proposal of securing control of the race tracks at the fair grounds in order to promote racing here. Honest Bill Newton now has control of the tracks, he said.

Races during the fair were so successful and attracted so much attention that the Motor Club believes regular racing programs would prove successful in this section of the state. If control of the tracks is gained, they will be improved and made the best in eastern Oklahoma, it is promised. It is expected that races at next year's fair will be an outstanding feature.

OKMULGEE NINE TO END SEASON FOR ADA SQUAD

Okmulgee leaguers, the last baseball club of the year to get a game on the Ada field, will be here Sunday to close the season officially for the home team, according to a statement Thursday by Manager Green.

The visiting club will be composed partly of players who formed the Okmulgee league club this season. Some of the best amateur stars in that part of the state will also be here. Manager Green expects to see a large crowd out to bid his victorious team a farewell as the season ends.

Loyalty of the fans here this season has been a great factor to the success of the team, Green said. Although the dispute probably will never be settled, Ada is the only club in the state with a rightful claim to the state title.

No team can present a better record than the men who follow Manager Green. No other amateur club in the state has played as many hard games with as many strong teams.

The entire season has been played with only home men.

Willard Club Meets.
The Parent-Teacher association of Willard school will meet Friday afternoon at 3 o'clock at the school building. Each parent who has children attending this school is urged to be present and co-operate in the work which lies ahead.

Over 1400 inventions to prevent train wrecks have been given trial without satisfactory results, in the last 10 years.

Daugherty Injunction Case Ends Today

Body of Man Who Left Mine Story Cannot be Found

JACKSON, Cal., Sept. 21. — One body was missing today among those of the 47 gold miners who perished from gas nearly a mile down in the Argonaut shaft. It was the body of William Fessel, the man who wrote on the rock with the smoke of his miner's lamp a farewell message. Fessel wrote: "Gas getting bad, three o'clock."

This was three hours after the miners were trapped by the fire above them. It was Fessel's body, mine officials announced early today, that vanished. Only his statement remained last night when the rescue crew of the United States Bureau of Mines checked their lists and found but 46 bodies had been removed from the vault.

It was hoped to find Fessel's body today. The men from the bureau of mines were certain that they had counted 47 bodies of men, last Monday night, when the geyser's discovery was made. They considered it likely that Fessel's body was buried by a cave-in since the work of removal began.

DEFECT IN BONDS WILL DELAY HALL

City Attorney to Correct Error so Memorial Can be Built.

Another delay, probably the last of a series of many delays, has turned up to prevent the starting of Ada's memorial hall. A flaw has been detected in bonds which the city agreed to sell in order to raise \$110,000 for the construction of a hall.

Charley Deaver, city finance commissioner, said Thursday that although today was the last day buyers of the bonds had to send money to him, the time had been extended on account of the flaw. It is only a minor correction which must be made, he pointed out, and City Attorney Lowery Harrell will be in Oklahoma City this week to correct it.

This will cause at least a week's postponement of activities. Not until the money is received will the city be able to close the deal for the purchase of the site for the hall. Until then contractors must wait.

Many delays, coming from nearly every source, have held up development on the hall. First delays were experienced in the election to vote the bonds. Then came the matter of selling them, the accepting of plans and of getting plans readjusted. Meetings to accept bids, long arguments and several controversies were also included on the list of troubles for commissioners.

But days of worry are about over, Deaver believes. As soon as the money is received and properly disposed of, it will be up to the contractor to see that work is completed. Acceptance of the hall after it is completed, and purchase of equipment and furnishing will be final details.

Rev. Taylor to Seek Opinion of Head Man Upon Klan Donation

Rev. T. L. Taylor, pastor of the local Nazarene church, said today he was wiring the head of that church in the United States for an opinion upon whether a minister of the Nazarene denomination is justified in accepting a donation from the Ku Klux Klan. The church superintendent is now in a convention at Nashville, Tenn.

This follows criticism which has been heaped upon him for taking \$40 from Ada Klan last Sunday night, he said.

Rev. Taylor declared the "Herald of Holiness," his official church organ, has given its endorsement to the taking of Klan donations and has reported many instances in which this has been done by Nazarene ministers.

He cited a specific case at Childress, Texas, in which this was done.

The Chinese have dried fruit for thousands of years.

COLLEGE PASSES 13TH MILESTONE IN ITS HISTORY

Celebration Marked First Exercises of School on Sept. 21, 1909.

BRILES PRESIDENT

Methodist Church Scene of Historic Meeting of 1,000 Citizens.

Unnoticed save by a few, the thirteenth birthday anniversary of East Central Teachers College came and went Wednesday with scarcely a ripple on the surface of the city's daily life to indicate that another important milestone had been passed in its career.

September 20, 1909, was an auspicious day in the history of Ada. On that day 1,000 persons "assembled in the commodious Methodist church to witness and participate in the program which officially opened East Central Normal."

The event is recorded in the files of newspapers of that date, which devoted numerous columns to the event.

Tom D. McKeown represented the mayor of Ada in the address of welcome at the opening exercises. Judge C. A. Galbraith represented the "25,000 club" on the program. This organization later became the Ada Chamber of Commerce. Rev. C. F. Smoots, pastor of the Christian church, represented the ministerial alliance and churches of the city. W. C. Duncan spoke in behalf of the city's Sunday schools.

Schools Represented
Judge A. M. Croxton, then president of the city board of education, spoke in the interest of public schools in greeting the opening of East Central college.

Senator R. M. Kiddle told of initial steps that had been taken in locating the normal, and was followed on the program by Hon. E. C. Kalliff, state representative. He mentioned W. H. Eley as being one of the foremost men in fighting to bring the institution here.

Charles H. Briles, first president of East Central Normal, expressed confidence in the young school and voiced the prediction that one day it would take its place among the highest educational bodies of the state because of its favorable location and other advantages.

Professor to Take Stand in Hearing on Scandal Charge

(By the Associated Press)
SOUTH BEND, IND., Sept. 21. — "It's a damned lie—it's a damned lie," Prof. Tiernan shouted from the witness stand to Attorney Parker, chief counsel for the defense in the Tiernan-Poulin hearing today. Mr. Parker had asked in cross examining Mr. Tiernan:

"It is true, Prof. Tiernan, that you are the father of a boy living in Illinois not by your wife?"

Three times the question was asked and the lie passed, the professor answering at the top of his voice. Attorney Jellison vigorously protested against the methods of the defense. At the same time the judge was adding to the confusion by repeatedly rapping his gavel and threatening to adjourn court. Everybody in the court room was on his feet.

Finally through the continued protest of the prosecutor, Mr. Parker ceased his line of questions on this subject and order was restored in the court.

SOUTH BEND, Ind., Sept. 21. — Direct examination of Prof. Tiernan, husband of Mrs. Augusta Tiernan, who charges Harry Poulin with the paternity of his wife's ten month old child, will be continued when the hearing of the case is resumed here today.

Chief points brought out in the examination of Prof. Tiernan were a denial by him of the parentage of the child and the assertion that Poulin admitted to him his paternity and asked to make a settlement of the case.

Vegetables contain from 65 to 95 per cent water.

Conspiracy Angle to Be Well Aired

(By the Associated Press)
CHICAGO, Sept. 21. — Judge Wilkerson expected to decide today whether the nation wide strike of railroad shopmen can be legally regarded as a conspiracy in restraint of interstate commerce and to determine the extent to which he believes the federal government is justified in going to restrict strike activities.

Closing arguments in the Daugherty injunction cases were beginning today.

Deputies investigating the dynamiting of a box car used for sleeping quarters for workers at Boyles, Ala., were without clues early today. Clarence Jones, one of the two men sleeping in the car, was injured slightly. The incident was one of the first recurrences of disorders in railroad shops since the early part of the month.

MURDER OF TWO WAS PREDICTED

Woman Pointed Out Tree as Fitting Scene for Great Tragedy.

(By the Associated Press)

NEW BRUNSWICK, N. J., Sept. 21. — The "house of mystery" that stands on a knoll on the old Phillips farm overlooking the crab apple tree beneath which the Rev. Hall and his choir leader, Mrs. Mills, were found slain last Saturday, was brought forcibly back into the picture today by an uncanny story told by a one time playmate of the slain rector's widow, and a resident for 16 years in the ramshackle building.

She said she had visited the old homestead last June with a woman friend, whose name she refused to divulge. This woman, she said, pointed out the identical tree under which the bodies were found with the comment: "This would be an ideal place for a murder."

She said she attempted to laugh it off but the woman retorted: "You think I am jesting. Some day you may read or hear of a murder here."

Last Monday night—three days after the bodies had been discovered—she had a vivid, horrible dream in which she saw the murder committed in the second floor room of the west wing of the building.

She declined to give details of her dream or to say who the "dream murderer" was.

Assistant Prosecutor Toolan announced today that in questioning Willie Stevens, eccentric brother of Mrs. Hall yesterday, Stevens had given him a .32 caliber pistol which he owned. The pistol had not been used for a long time, Mr. Toolan said.

Waner Not Suspended From Organized Ball League Head States

A telegram received yesterday by Manager Green of the local baseball club from the president of the Southwestern baseball League states that no report was ever sent to Anadarko during the recent baseball tournament telling Umpire Middleton that Paul Waner was suspended from organized baseball.

The telegram said that such a report was false and unfounded, so far as he knew. Local fans believe it was merely a deliberate attempt to rule Waner out in order to ruin Headton's chances of winning the tournament. Waner was playing with Headton at the time.

Waner originally signed with the Joplin league club and was sold to Muskogee in the Southwestern League. He has been sold by that club to the San Francisco Pacific Coast League team, but was never suspended from organized baseball. He has never played a game of league ball.

Local fans are anxious to see him go into the big league. He will be playing Class AA next season and is well on the way to the majors, many who know him believe.

EMERGENCY NOW CONFRONTS CITY ON CONVENTION

Lodge Says Reputation of City Will Suffer if no Rooms Offered.

SITUATION CRITICAL

Other Towns Criticizing Ada for Attempts to Entertain Meet.

Unless Ada meets her obligation in volunteering to care for 1,500 or 2,000 Odd Fellows and Rebekah expected here October 2 to open the annual grand lodge and assembly of those organization over the state as a hospitable and aggressive town, committees working today to secure rooms for delegates declared.

With the lodge conventions less than two weeks off, only a small percent of the rooms to be needed have been volunteered, it is reported.

Committees said they had hoped to get necessary accommodations for visitors without having to resort to a personal canvassing of the city. This will be done next week, however, if enough quarters have not been provided.

"The situation is getting critical. This is not the lodge's problem as much as it is the city's," committee members said. "Larger towns in the state already have been criticizing the Ada Odd Fellow and Rebekah lodges for inviting the convention here. They have said that a town of this size cannot entertain the grand lodge and assembly. It is for the citizens to decide whether they are right."

Those who can spare rooms for the visiting lodge men and women October 2-4 have been asked to phone 86.

It has been pointed out that the combined meeting here next month will be perhaps the biggest Ada has ever attempted to entertain. If the city falls down in this venture, it will sacrifice its opportunity to get other conventions here within the next few years, lodgemen declare.

Local U. C. V.'s to Get Free Tickets to Shawnee Meet

Every one of the 34 members of William Byrd camp, United Confederate Veterans, will be given free transportation to and from the state convention at Shawnee September 26-28 if they wish to attend, Capt. A. M. Crow, camp commander, announced Thursday.

Charley Deaver, city commissioner of finance, and Luther Franklin, county court clerk, have raised money to pay the railroad fares of Ada's Gray veterans.

At least 20 members of the camp will take advantage of the opportunity, Captain Crow predicted.

All veterans who wish free tickets to the Shawnee meeting have been instructed to meet Captain Crow at the court clerk's office at 2 p. m. on September 25. The delegation will leave over the Katy a few hours later.

Fortified by letters from the Retail Merchants association, the Chamber of Commerce, and the Lions Club, local Confederate delegates will storm the Shawnee convention in an effort to being the 1923 meeting to Ada.

"I am thoroughly confident we can do it," Captain Crow declared.

Ada occupies a warm spot in the hearts of scores of U. C. V.'s in Oklahoma, it is said, because of her hospitality in previous state conventions held here.

Parent Clubs to Meet

The Parent-Teachers association of Washington school will meet Friday afternoon at 3 o'clock at the building.

The Mothers' club of Hays school will meet Friday afternoon at 2:45 at the building. All patrons are invited to attend.

When a new electric door bell button is pressed, if the occupant is absent, a small sign appears telling a caller when he will return.

Prize Winner in Baby Parade May Inherit Fortune

(By the Associated Press)

NEW YORK, Sept. 21. Fourteen months old Paul Carewe, winner of the governor's cup at the recent Asbury Park Baby Parade, may become heir to a princely fortune, it was learned today. He is now at Look Lodge, near Groton Lake, New York, summer home of Arthur Marks and Mrs. Marks, once Lady Tabot of England, a former opera singer, and may be adopted by that family.

Paul was offered for adoption by his mother, Mrs. Carewe, shortly after he had won the governor's cup. Mrs. Carewe, widowed four months before the baby's birth, has found it impossible to care for and educate him as she felt he deserved. The boy's father served as an army lieutenant in the A. E. F. and died from the effects of exposure soon after returning to America. Mrs. Carewe is earning her living as a nurse.

She selected Mr. and Mrs. Marks from among the hundreds who applied for the privilege of adopting Paul.

CITY'S TOURIST PARK COMPLETE

Register Will Show all Transients Who Stay as Ada's Guests.

Completion of the tourist's park near the end of West Main street was announced today by the Good Roads Motor Club, sponsors of the movement to establish a home here for visiting motorists.

The park consists of a camp house, toilets with shower baths, water and lights, walks across the drainage ditch, a commissary and car parkage. Claude Price has been selected as keeper. He will have charge of the commissary, routing of tourists and keeping the register.

Completion of this park marks the termination of many month's work on the part of the Motor Club, N. B. Stall, president, said today. Campaigns were waged to raise funds to build the camp house and toilets, which are of concrete blocks. Men were hired to grade the park and properly drain it, build walks and install lights. Water is being furnished by the city.

Recently a petition for the pavement of West Main street was accepted by the city commissioners. In case the pavement project is carried out, visitors will be able to reach the park easily since the proposed improvement work will adjoin the park near Glenwood school.

One feature of the camp grounds is the register. All visiting motorists who stop at the park will be registered, in order that a complete record of the numbers of visitors and the places they come from may be kept. Mr. Stall said every day he helps route tourists. As president of the club, he is often called on to advise travelers from far off points as to best roads in this section. This work will be carried on at the park. The keeper will be advised of the conditions of all roads in this section.

THREE ARRESTED FOR LASHING OF MAN AT CUSHING

(By the Associated Press)

OKLAHOMA CITY, Sept. 21. — Three men have been arrested and admitted to bond in connection with the flogging September 12 of Walter Matthews, an attorney at Cushing. Attorney General Short was advised today in a long distance telephone conversation with John Vaughn, county attorney of Payne county.

Attorney General Short said that a representative of his office would go to Stillwater tomorrow to confer with Vaughn regarding the prosecution of the case. Governor Robertson having instructed that the attorney general aid in bringing to justice the men who had whipped Matthews.

DeMolays Meet Friday.
Members of DeMolay will meet Friday night at 8 o'clock at the Masonic Hall.

WAR CLOUDS ARE HOVERING CLOSE OVER NEAR EAST

Small Number of British Holding Key Position Along Straits.

KEMALISTS FORTIFY

Vast Stores of Field Guns Ready for Turkish Use if They Advance.

(By the Associated Press)

LONDON, Sept. 21. — While the allied powers are feverishly endeavoring to arrange a peace conference to clean the slate between Turkey and Greece and to prevent more fighting in the near east, rumblings of impending hostilities continue to come from Constantinople and the Dardanelles.

A relatively small force of British troops is holding Chanak, the key position on the southern shore of the straits, while the Turkish nationalists, eager for further conquests after their overwhelming defeat of the Greeks, are concentrating outside the neutral zone at Ismid and Chanak.

The Kemalists, official French dispatches say, have available for use in such a drive 1,000 modern field guns, 5,000 machine guns and enough ammunition for a two year campaign. They captured it from the Greeks.

If their spokesman at Constantinople is to be believed, the Turks are determined that the allies will not stand in the path of their desire to re-occupy Thrace.

Opinion here for the moment is banking on the strength of the British force in the Dardanelles, which is considered sufficient to hold any possible attack by the Turks.

ALLIED POWERS AGREE ON QUICK CONFERENCE

(By the Associated Press)

PARIS, Sept. 21. — The allied powers are agreed upon the quick summoning of a peace conference to settle the Turkish problem, but the delicate question as to the basis of negotiations acceptable to the Ankara government is still to be answered.

The peace conference is expected to open within three weeks, probably at Rome or Venice, with delegates present representing Great Britain, France, Japan, Italy, Turkey, Greece, Rumania and Jugoslavia.

GREEK FOOD PROBLEM BECOMES GRAVE ONE

(By the Associated Press)

ATHENS, Sept. 21. — With thousands of refugees arrived already from Asia Minor and insufficient wheat supply at home, Greece is confronted with a food problem so grave that international help, if given quickly, may alone save thousands from starvation. Already some 200,000 refugees are here.

AMERICANS GIVE ONLY AID TO SURVIVORS

(By the Associated Press)

SMYRNA, Sept. 21. — Although eight days have passed since fire obliterated Smyrna, 75,000 survivors remain exposed on the wharfs, destitute, distracted and abandoned. No allied vessels have offered to salvage this last wreckage of human life in the greatest disaster in Asia's history.

Nearly a dozen warships remain in the harbor but none show a disposition to aid the wretched population except the American destroyers.

BRITISH POSSESSIONS TRUST LEAGUE DIPLOMACY

(By the Associated Press)

GENEVA, Sept. 21. — All the British dominions are declared by their representatives in the League of Nations assembly here to be favorable to the Turkish-Greek affair to the League of Nations.

FRENCH AND ITALIAN TROOPS ARE WITHDRAWN

(By the Associated Press)

CONSTANTINOPLE, Sept. 21. — French and Italian detachments and flags were withdrawn today from the neutral zone on the Dardanelles on orders from their respective governments. The line is now held exclusively by British troops supported by the combined Atlantic and Mediterranean fleets.

In the meantime the Turkish vanguard is reported to have reached the neutral zone on the Dardanelles. The next few hours will show whether the Turks intend action.

Telephones: Business Office, 4. Editorial Dept., 307

The Turkish form of applying titles of rank is to place the title after the person's name instead of before it, as is the case with western nations. For instance, the title pasha, the equivalent of general with us, or bey, corresponding to colonel, follows the name. This fact sometimes causes amusing errors in papers and elsewhere. Some days ago press dispatches told of some bey or other who was taking a hand in Turkish affairs and all the way through spoke of him as if his name were bey. Some years ago the Turkish ambassador to Washington was Ali Ferrough Bey. It is said that often mail intended for him would be addressed to Mr. A. F. Bey or social invitations to his wife would be addressed to Mrs. A. F. Bey. In the present crisis one reads of Kemal Pasha, but the pasha part of it is just his title of rank.

Th Fort Worth Record rises to remark that the list of nominations of postmasters in Texas and Oklahoma show that the Republicans are remarkably regular in their superiority at examinations. It is certainly remarkable how easily a Republican can pass and how little chance a Democrat stands. Under the present system these examinations are the greatest shams ever perpetrated and if the spoils system is to continue, why go through the form of an examination which cuts no ice whatever in the appointment? Why not come out in the open and inform the public that the administration is adhering strictly to the old custom of appointing its favorite?

It is all very well for wealthy citizens to remember big colleges or charitable institutions in their will, but the Progressive Farmer suggests that its would be much better if some of these did something for their own communities. For instance, more school grounds, more parks and other things are needed everywhere and many rural schools need help, hence a patriotic citizen who is charitably inclined could find plenty of opportunities of doing something of inestimable value for his fellows and those who come after him. However, it is not necessary for one to die in order to help his community. He could do a great deal while living.

When the vote on the matter of admitting to this country fertilizer potash free came up in the House of Representatives in congress on September 13, Mr. Pringey, the congressman from this district, is reported as not voting. This was a typical case where Mr. Pringey could have been of service to the South, that part of the country which heretofore has always got the worst end of the any tariff deal. We cannot understand how any one living in the South can vote to make potash cost the farmers more money or fail to vote to make it cost them less, more particularly the southern farmers who need potash so badly in rebuilding the depleted soil of the hills and valleys.

Thomas A. Edison predicts that war will finally be abolished through some terrible machine that will make it impossible for armies to face each other. Perhaps that is the only way since reason has so little part in the dealings between nations. While hatred and suspicion rule the world there is always danger of war breaking out and only when men no longer dare to fight will it cease.

The bonus bill is dead for the time being but the members of congress will go home well pleased with themselves that they have something to talk about and prove an alibi one way or the other. The final result cuts little ice with most of them, it is a matter of making votes that interests them.

The powers of Europe in their dealings with the Turk find themselves in the same plight as the fellow who undertook to pet a rattlesnake. All went well until the snake saw a good chance to strike and then things became decidedly unpleasant for all concerned.

It is figured that the disarmament treaty will, during its ten years of existence, save the United States, England and Japan from \$500,000,000 to \$800,000,000 annually. By the time the ten year limit is up it is certain that all three will be in favor of an extension of the time.

The Fort Worth Record advises that when a man is charged with being an I. W. W. the true test of his genuineness is to try to make him work. If he works the charge may be considered false.

It is reported that the kaiser disclaims any intention or hope of regaining his throne. Rather modest for the man who sought to become master of the earth.

Let a NEWS WANT AD get it for you.

REDUCTION OF ARMAMENTS APPEAL EVOKES UNANIMOUS REFUSAL

The Forum of the Press

What is Assimilation?
(American Legion Weekly)
America should assimilate the aliens already within her borders before she permits them to enter. This is the Legion's position in arguing for total exclusion of immigrants for a period of five years.

What does that sentence mean? The term America is clear, as is the term aliens—what about that word assimilate?

It means to make like, but to make like what? Like ourselves, exactly as we are, or like the folks we know we ought to be? And is the operation to be wholly one-sided? Are we to give everything, and take nothing?
Obviously not, if our history means anything. If this process of absorption had always been exclusively a single track, one-way affair, Bostonians would now speak with a British twang besides which the reputed Harvard accent would sound halting and feeble. New York would be a thriving settlement of Dutch burghers, and Swedish would be the official language in Delaware. There are, in fact, regions where something precisely like this has actually taken place. In many New England manufacturing villages French, in the patois of Quebec, is the dominant tongue; the Mennonites' clannishness has kept them strangers to English and converted them into a little problem of their own; the ghettos and little Italys of our big cities are further examples. Assimilation has not been effected here in either direction; neither is the alien like us nor are we like him.

Whose problem is it, his or ours? Who should take the first step, he or we? These questions can best be answered by asking another: Who stands to benefit most by assimilation? The alien, certainly. If he wants to buy a loaf of bread he may be able to ask for it in his own tongue at a bakery within his own colony—but he must pay for it in American money. If he wants a street-car transfer he must ask the conductor for it in English. If he wants to buy a home on mortgage or make a will he can consult a lawyer, who is a fellow-countryman—but the document itself, to be valid, must conform to our laws.

Self-interest is a powerful motive, but everyone knows his own. This is especially true of the foreigner faced by the formidable problem of learning a new language, a new way of government, a new way of life. Shall he stay in his shell or come out? Anything we can do to help him, honestly and intelligently, is bound to react in our favor. If we are to assimilate him, if we are to make him like ourselves, it is for us to show him who and what we are—and to make him see that our example is worth following.

America's Greatest Industry (Chickasha Express)

The greatest industry in this country is starting up, to run for nine months. It is one in which there are no strikes. It depends upon child-labor, but its finished school product is good citizenship. That industry is the American school.

The American people, whose motto sometimes seems to be "Let George Do It," have a way of turning over the whole responsibility for this great idealistic and practical enterprise, to teachers and school boards. They kick vehemently if the children are not well educated, yet they never ask if the success of this undertaking does not depend in large part on home co-operation.

Teachers and school boards who have to contend with parental in-

differences, find that their plant turns out only an indifferent product.

The success of school operation can be greatly promoted, and the children can be prepared for more useful and successful futures, if the homes of any city will co-operate with school management in these two ways:

1.—Urge your children to make their school work their first interest. Do not allow too much of party going, late hours, and other distractions.

2.—Back up school discipline. When the pupils complain they are not fairly treated, hear the teacher's side before forming an opinion.

Oklahoma Does Things (McAlester News-Capital)
Another thing that Oklahoma may be proud of is the fact that this state is doing more for the hospitalization of its world war soldiers than any other state in the union, and almost as much as the federal government itself.

The government has had twenty million dollars at its disposal to build hospitals for soldiers and has done practically nothing with it.

Oklahoma had one and a quarter million dollars and with that money will, before the close of the year, have completed hospitalization for as many soldiers as the federal government has.

In Oklahoma, we do things. In Washington they talk about doing them.

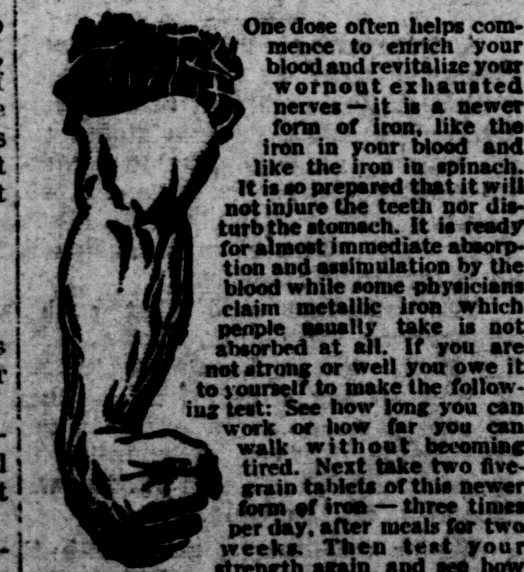

"THE STORM" THAT COMES BY NIGHT

The storm which has been creating havoc in many cities, passed over this city last night. "The Storm" center was at the McSwain theatre. Unlike most storms this storm is a whirl wind moving picture written by Langdon McCormick, directed by Reginal Barker with House Peters in the star role. The scenes are unexcelled, featuring the famous forest fire which swept the newspaper critics of New York into torrents of praise.

Ask anyone who saw this last night and you won't miss it.

Those who raise mulberry trees in Italy for the silk industry expect this year's crop of leaves to exceed that of 1920, when a record of 225 tons was attained.

There is Strength in Every Tablet of This Newer Form of Iron

One does often help commence to enrich your blood and revitalize your worn-out exhausted nerves—it is a newer form of iron, like the iron in your blood and like the iron in spinach. It is so prepared that it will not injure the teeth nor disturb the stomach. It is ready for almost immediate absorption and assimilation by the blood while some physicians claim metallic iron which people usually take is not absorbed at all. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of this newer form of iron—three times per day after meals for two weeks. Then test your strength again and see how much you have gained.

NOTE—The manufacturers of this newer form of iron have no intention of forcing their product upon you. They are simply making it available to you. We are able to guarantee that if you do not obtain all the good results that these iron tablets will give you, your money will be refunded.

Gwin & Mays Drug Co.

WOMAN IS FIRM UPON PATERNITY

Mrs. Trennan Cries Out at Insinuation That Child is Poulin's.

(By the Associated Press)
SOUTH BEND, Sept. 20.—Debate over the advisability of testimony of Prof. John Trennan regarding the marital relations between himself and wife, is expected to be resumed when the hearing is taken up today in the case of Mrs. Trennan who charges Harry Poulin with the paternity of her ten months' old child.

The testimony of Mrs. Trennan was to the effect that the couple had discontinued marital relations several months prior to the beginning of the alleged affair between Mrs. Trennan and Poulin.

Yesterday's hearing, which was taken up for the most part with the testimony of Mrs. Trennan, was replete with sensational incidents. At one point, when counsel for the defense hinted at the possibility of

Mrs. Trennan second child having a father other than the professor, the plaintiff arose from her chair and, with tears streaming down her face, shrieked in a voice that could be heard in all parts of the court room: "Don't try to say anything like that. It is not true."

Those attorneys immediately changed the line of questioning.

Three times during the period when Mrs. Trennan was being subjected to merciless cross-questioning, the witness collapsed, but on being revived was able to continue. Throughout the trying ordeal, she stood firm and refused to change a single instance of her story of the affair with Poulin.

FLIPPANCY OF FLAPPER IS DISTURBING NATION

COLUMBUS, Sept. 20.—Flight, frolics and flippancy of the "flapper," Secretary of Labor Davis declared today in an address before the American Insurance Union, are disturbing evils in the social fabric of the nation and must be overcome.

GOOD SOAP FOR LESS THAN TWO CENTS A POUND

Make It At Home By This Easy Process—Takes Less Than 30 Minutes.

Nowadays, more and more women are doing as their mothers did and are making their own soap. If you have never tried it, you will be surprised to see how easy it is to make good soap, soft soap, hard soap or floating soap, just by using kitchen scraps and waste grease together with a can of Merry War Lye, the safe and sure soapmaker. In the old days when soap was made by the boiling process it took nearly all day to make a kettle of soap. Now it is hardly any work at all—requires no boiling—takes less than 30 minutes. Saves you money and gives you all

Ordinance No. 480

An ordinance levying assessment for the cost of paving and otherwise improving of street improvement District No. 11, same being South Broadway from the south line of Twelfth street to the center line of Thirteenth street, including street intersections and alley crossings where not now paved, in the City of Ada, Pontotoc County, Okla., and declaring an emergency.

Be it ordained by the Board of Commissioners of the City of Ada, Pontotoc County, Oklahoma:

Section 1.—Whereas, The Board of appraisers heretofore appointed by resolution to appraise and apportion the benefits resulting from the paving, grading, curbing, draining and otherwise improving of the street described in the title of this ordinance to the several lots and tracts of land liable to assessment for the payment of the cost of such improvements, which costs have been ascertained to be the sum of Eight Thousand Eight Hundred Twenty Two and 26-100 dollars (\$8,822.26); have performed their duties according to law as such appraisers, and have returned and filed with the City Clerk of said City, the reports of their appraisal, amount and apportionment; and

Whereas, After filing the same, the Board of Commissioners did appoint a time for the holding of the session of such Board of Commissioners as a Board of Review to hear and consider any and all complaints or objections concerning such appraisal and apportionment, and caused due notice of such session to be published as provided by law, and in pursuance of such act, on and publication, the Board of Commissioners duly convened as such Reviewing Board on the 16th and 19th days of September, 1922, all as shown by minutes of meeting of said Board of Commissioners of the City of Ada, Oklahoma; and

Whereas, At such sessions the Board of Commissioners as a Board of Review heard all complaints and objections made to such apportionments and assessments as returned by the Board of Appraisers and did adjust and review such assessments and apportionments as they found unjust, erroneous, or not in accordance with the benefits accorded to such lots, tracts and parcels of ground affected by such improvements; and thereafter, by resolution passed and adopted on the 19th day of September, 1922, did confirm such apportionments and assessments as reviewed, adjusted and corrected by said Board of Commissioners in manner and form as required and authorized by law; and

Whereas, All legal requirements have been fully complied with to authorize the levying of assessments to pay the costs of said improvements against the several lots and tracts of land liable to such assessments;

Now, Therefore, There shall be and there is hereby levied and assessed against the several respective lots and tracts of land of said Street Improvement District described in the title of this ordinance with the amounts respectively stated in said report of the Board of Appraisers as reviewed, corrected and confirmed and as follows, to wit:

Soft Velvet, Tan Crepe
With Brown Embroidery

By MARY BROOKS PICKEN

ONE does not need to say that velvet is the fabric for the ultra smart fall dress—every fashionable shop evidences this. The exquisite shades and soft beauty of today's velvet made it most favored, and when it is skillfully made in smart design it is especially desirable.

The blouse portion is cut to give a long waistline effect, yet evidences a slight blouse tendency. This, one surmises, is wholly to bring out the beauty of the velvet. The sleeves are of Canton crepe in tan color and achieve an air of distinction through their embroidery, which is brown in couching-stitch effect. The dress slips over the head, the opening being at the underarm.

Irregularity of contour and suppleness of brim are allied in the development of this hat. The velvet brim flares up at the left side and extends out at a point at the right, while a soft crown of bright-colored duvetyne is finished at the right side front with a wheel effect of burnt peacock.

Interest upon said assessments at the rate of seven per cent per annum from the date of said assessing ordinance to date of payment and provided further that if the work for which any property owner purposes to pay his entire assessment with interest has not been completed and approved within four (4) months from the date of the ordinance, then four (4) months interest only shall be added to said assessment, and the owners of said property shall have all other options as provided by Chapter 10, Article XII of the Revised Laws of the State of Oklahoma, 1910.

Section 3.—That an emergency exists for the preservation of the public health, peace and safety by reason whereof this ordinance shall take effect from and after its passage, approval and publication. Passed and the emergency clause ruled upon separately and approved this 19th day of September, 1922.

BONUS MEASURE

WRECKED AGAIN

Senate Backs President in

Vetoing Legislation for

War Veterans.

(By the Associated Press)

WASHINGTON, Sept. 21.—For a

third time the soldier bonus legis-

lation has failed of enactment.

The senate late yesterday sus-

tained President Harding's veto of

the Forney-McCumber bill by the

vote of 44 to 28, falling four short

of the necessary two-thirds major-

ity to have made it a law without

the executive's signature. Five hours

before the senate acted, the house

overrode the veto, 258 to 54.

The action of the senate makes

impossible veteran legislation at

least until the next session of con-

gress, which will begin early in

December. It is the purpose of some

proponents to continue the fight

and the bonus may become an is-

sue in some of the congressional

and senatorial campaigns this fall.

The first bonus bills were intro-

duced in the house and senate early

in the special session of the 66th

congress which began May 19, 1919.

AERIAL KIDNAPING IN SEARCH FOR
SITE OF YEOMEN'S \$10,000,000 HOME

MR. FARMER AND MRS. DELL

MONMOUTH, Ill.—President

U. C. Meritt of the Monmouth

Chamber of Commerce looked an-

noyed.

"They've got to come," he said.

He gave an order over the tele-

phone. It sent an airplane wing-

ing south.

A. N. Farmer, special representa-

tive, and Mrs. Lillian Bell, supreme

chaplain of the Brotherhood of

American Yeomen were in Dixon,

Ill. 100 miles away inspecting a

site for the \$10,000,000 home for

motherless and fatherless children

which the fraternal society is plan-

ning to establish. They had in-

tended inspecting other sites in

Monmouth and Peoria but found

their traveling schedule would not

permit. They wired their regrets.

They were leaving their hotel in

Dixon to take the train out of the

state when the Monmouth airman

knocked up.

"I have order to bring you to

Monmouth if I have to kidnap you,"

he said.

Texas, who has been visiting his sis-

ters, Mrs. Harry Hager and Mrs.

In the Third Round

By MORRIS SCHULTZ

Copyright, 1922, Western Newspaper Union.

"In the third round, don't forget, kid," Barney had whispered. "Go in for all you're worth, and he'll go easy with you. Then in the third you get it on the jaw and goes down—see?"

Abe nodded. The principals faced each other in the ring. Lofsky, the champion, grinned at Abe and tapped him lightly on the cheek. They sparred and broke away.

Abe was dimly conscious of the vast concourse of spectators. It was the great event toward which he had been working for five years past—his ambition, the welterweight championship. It had been difficult to find a big man willing to meet him. He had fought his way up from the bottom, and he had had tough luck.

And now, at the last, the thing that he had looked forward to so long had become his infamy. Abe had always fought straight. He was the logical man to meet Lofsky. But Lofsky had refused to meet him. And Abe's young wife and the baby were pining in an East Side tenement.

Then temptation had come in the form of Barney. Lofsky would meet him for the purse of nine thousand dollars, if he would take two thousand and a knockout.

Abe had refused scornfully. He knew that he was a fair match against Lofsky. But things at home were going worse, and Minnie was threatened with tuberculosis. In the end Abe yielded.

"It ain't as if it was your finish, kid," Barney had said to him. "No body expects you to beat Lofsky, and no one will know. You'll get your chance again some day."

That was the understanding under which they met.

Abe rushed in, pummeling Lofsky fiercely about the body. Lofsky parried and guarded, returning an occasional blow which lacked all of Lofsky's steam. At first Abe thought Lofsky was mindful of the compact; but then he realized that the big man had not trained for the fight. He was beefy, puffy, with too much stomach over his belt.

And then Abe saw that his chance had come. Lofsky had not trained, and he was trained to the ounce. Victory was within his reach, with seven thousand instead of two as his share of the proceeds.

He could redeem himself and fight fair, as he had always done, in confidence of victory, and so avoid the worst offense known to the prize ring. On the other hand, if he tricked Lofsky and his manager, would he not be guilty of an offense equally bad?

The dilemma was a hideous one, and there seemed no way to escape dishonor.

And suddenly he saw red. He would beat Lofsky at any rate, if he could. He sprang in and dealt him a blow upon the jaw that staggered him. After that he fought furiously, standing up under a rain of punches. He heard Lofsky grunt, he saw the look of surprise come into his face.

The round ended amid tumultuous applause. Abe hardly heard the whispered advice of his seconds. When the next round began he rushed at Lofsky and began driving him all around the ring. A fearful stomach blow momentarily crippled him; then he had sent out his left, and Lofsky had reeled and fallen.

The spectators were growing frantic. Was this another David? There was an ugly look on Lofsky's face as he rose and met Abe's showering blows. There was a clinch. Then Lofsky got home on Abe's stomach and cheek, two staggering punches that evened things. Abe grew cold. He had been rushing it too hard. He guarded for the remainder of the second round.

The third round—the men faced one another. Lofsky was sneering. There was a cut over his eye, and his nose was bleeding. There was a look of uncertainty in his eyes. Abe resolved to put forth all his might in this round, the one in which he was booked to go down. He rushed. He beat down Lofsky's guard. And then—

He opened his eyes. His second was stooping over him, sponging his face. "What's the matter?" he mumbled. "Did he get me?"

"Got you in the middle of the round, kid. Gee, an ox couldn't have stood up against a punch like that of Lofsky's. Say, you sure put up a better fight than was expected!"

As he staggered to his corner Lofsky came up and shook hands. "Gee, kid, you certainly had me guessing," he remarked. "I thought for sure you'd double-crossed me, till you let down your guard, or I wouldn't have struck so hard."

Abe smiled. There was a great peace in his heart. He had been beaten fairly—and fate had ordained that he was to keep his pact. He would fight fair in future. And Lofsky would have to meet him again. He must be ready next time for that punch of Lofsky's.

Colorful Reading.

Not long ago, writes a contributor while my nephew was consulting the librarian at the Fresno city library, a small boy entered with a book that his mother wished exchanged. But, since she had neglected to send a list of books to choose from, the librarian was somewhat at a loss to know what book to send. Finally she asked: "Has your mother read 'Freckles'?" "No, ma'am," replied the boy. "They're brown."—Youth's Companion.

Spain is developing hydroelectric resources estimated from 500,000 to 600,000 horse power, about one-tenth of the potential energy possible or development.

STRIKERS BACK ON PAYROLL AGAIN

Shopmen back at work.

Shop craft employees of railroads centering in the Chicago district are back at work and

once more counting the hours till pay day. Among the first to return to their jobs were the em-

ployees of the Chicago & North-western and the St. Paul lines. The above scene is a typical one.

FORD PLANTS TO REOPEN FRIDAY, OFFICIAL SAYS

(By the Associated Press)

DETROIT, Sept. 21.—The plants of the Ford Motor company in the Detroit district, closed last Saturday because of the coal situation, thereby throwing 100,000 Ford employees out of work in different parts of the country, will re-open tomorrow morning, it was officially announced today.

Orders for the re-opening of the plants were telegraphed here today by Edsel Ford, president of the motor company, who is in Cincinnati. Mr. Ford said cancellation of the interstate commerce commission's service order No. 23 had made it possible again to obtain coal.

Bobbed hair is bringing its own accessories. The latest is a small samg enclosed in a silver or gold case, hung on a ribbon worn about the neck.

From School Room to the Practice of Law

Mrs. M. E. Hill has learned that dissatisfaction is the first step to success. A few years ago she was a school teacher. She earned a paltry salary. She could only look forward to endless years of drudgery. But she was not satisfied. She longed for more money, more freedom, more independence. Then came the turning point in her life. She quit and came to HILL'S. One day she heard Mr. Hill give a talk on "The Power of Will." She was tremendously impressed. She resolved to have the power of will. She determined to succeed.

With HILL'S training as a foundation, she began studying law. Today she is a practicing attorney, and earns as much for one case as she made in months as a teacher. HILL'S teaches more than business—it teaches power and success. Are you dissatisfied, too? Then mail the coupon. It will bring HILL'S SUCCESS BOOK. It will tell you how YOU can succeed. Act now. You can do as well as the hundreds who have risen to success by the aid of HILL'S training.

HILL'S BUSINESS COLLEGE
Oklahoma City, Okla.

Miss Lorraine Summers has been on the sick list for the past week. This community was visited by a nice rain Sunday night. Miss Jewell Roberts was the guest of Miss Alice Summers. Born to Mr. and Mrs. D. Burk a fine, big baby boy. Mr. and Mrs. Mems are also the parents of a boy. Jewell Roberts and little brother, Vaden visited their grandparents Saturday and Sunday and also visited Mrs. Lessie Roberts. Mrs. Josie Northan visited Mrs. Netta Rains Tuesday. The Bebee gin started Friday morning and ginned three bales. Mrs. Clara Roberts was the guest of Mrs. Alice Summers Monday. Willie Hughes from Ada was the guest of his cousin, Elmer Roberts. Aubra Roberts, Allie Roberts and Jack Ritter were the Sunday guests of Andrew Roberts. John Roberts and family visited his mother, Mrs. Mary Roberts, Sunday. Elmer Roberts was in Ada Saturday. Andrew and A. P. Roberts made a business trip to Bbee Saturday. Bro. Earnest Dunnagan of Parish Chapel is holding a meeting at Center. Bro. Ellis Roberts left for Horse Shoe where he will begin a meeting. The Bebee school closed Friday. Some of the farmers have begun to pick cotton. Come on Worstell, with your news.

A BLUE EYED KIDDO

Rev. Page and a number of the good folks of Ada were in Frisco Sunday. We had wonderful singing and Rev. Page delivered one of the most interesting sermons we have ever heard this year. Mrs. E. N. Massey has returned home from Shawnee where she has been visiting relatives. She was accompanied home by her mother, Mrs. Fowler.

Misses Grace Johnson, Ella McLeod and Azel Seeks took supper with Jewel Thomas.

Several of this place took prizes from the Ada fair.

Mrs. Jason Neal is on the sick list.

The stork visited the cDe Landrith home and left a girl.

B. N. Sallee is on the sick list.

Earl Morin and Olie Owens both of this place were married Sunday.

We wish them happiness.

Mrs. Massey and Mrs. Fowler spent Saturday night and Sunday with their grandson, Monroe Massey.

Misses Zadie Neal, Ocie and Addie A. Babb took in the fair at Ada.

Mr. and Mrs. Henry Morin have moved to Pleasant Hill.

PICKETT.

This community is still in need of rain.

Most every one is picking cotton now and gathering corn.

Saturday night and Sunday is Bro. Coffee's regular appointment here.

Several of the Pickett folks attended church at Jones Chapel, Sunday night. Most every one from here attended the fair Saturday. Donald Faulkenberry, who has been at work at Chickasha, returned home last week. Jack Alton and family who have been visiting friends and relatives here are leaving this week for Texas.

Mr. and Mrs. Henry Meeks visited Mr. and Mrs. J. J. Cantrell Sunday.

Miss Veulah Meeks visited Miss Bessie Fowler, Sunday.

O. T. Faulkenberry and family visited Jim Laughlin and family, Sunday.

Mrs. J. I. Laughlin of Ada visited Mrs. J. M. Fowler, Sunday.

Mr. and Mrs. Henry Golden, of Jones Chapel visited Mr. and Mrs. W. C. Faulkenberry Sunday.

Jeff and Jewell Aaron, visited Misses Myrtle and Pearl Farr Sunday.

Mr. and Mrs. Sam Laughlin of Ada visited Mr. and Mrs. Dee Campbell Sunday.

J. H. Bullock's barn burned Saturday night about 2 o'clock.

Miss Vera Bevel spent Saturday night with home folks.

Mrs. J. H. Bullock spent the week end at Ada with Mrs. Bessie Braly.

Mrs. Fannie Ferguson spent Monday afternoon with Mrs. O. L. Faulkenberry.

Miss Daily Whitaker spent Saturday night and Sunday with Sue Rockoff of Ada.

Probate Sale of Oil Land.
On Saturday, Sept. 23rd, at 10:00 o'clock A. M., at the office of the county judge at the court house in Ada, there will be offered for sale 50 acres of land, located in the Northeast Quarter of Section 17, Twp. 4 North, Range 6 East, about 4 miles north and west of Ada, to the highest bidder for cash, subject to confirmation of sale by the county judge. There are two wells now drilling offsetting this property. A great opportunity for anyone desiring real prospective oil property. Be on hand if you want a chance at this property.
MARY A. MCCLURE,
Guardian.

WYNNEWOOD BOY AND BROTHER ARE KILLED
GAINESVILLE, Tex., Sept. 20.—Harold Young of Wichita Falls, and his brother, Eugene Young of Wynnewood, Oklahoma, were instantly killed at Muenster, 16 miles west of here, last night when a passenger train struck their auto on a grade crossing. They were on their way to Wichita Falls.

Pipe and Tank Stock
Increases in August
Statistics Indicate

(By the Associated Press)
NEW YORK, Sept. 21. —Pipe line and tank farm gross domestic crude oil stocks in the United States increased 5,363,000 barrels in August, according to the weekly summary of the American Petroleum Institute.

The daily average gross crude oil production for the United States decreased 10,700 barrels for the week ending September 16, totalling 1,493,700 barrels, as compared with 1,504,400 barrels for the preceding week.

Oklahoma-Kansas fields showed a daily average gross production of 487,250 barrels, a decrease of 2,000 barrels. Production of the Oklahoma was shown as 116,650 barrels against 116,050 barrels and output of the Lyons-Quinn pool was 16,500 barrels against 16,700 barrels.

No changes were reported in crude oil prices for the major districts. Mid-continent crude is quoted at \$1.25 a barrel; Pennsylvania at \$1.25 a barrel and Gulf Coast at \$1.25 a barrel.

FORMER OFFICER IS ARRESTED ON FRAUD CHARGE

McALESTER, Okla., Sept. 21.—J. M. Meins, Jr., former undersheriff of Pittsburg county, who resigned last Friday, is reported under arrest at McAlester. Details are lacking in McAlester, but it is said that he was arrested in company with Lula Wilhoit, alias Lois Pittman, who left here a few months ago, but who is under bond pending hearing of a case in which she is charged with obtaining money under false pretenses from the Western Union Telegraph Co. by means of bogus telegrams. McAlester friends have been asked to make bond for the former undersheriff.

UNCLE SAM LOSES BEST LAWYERS

The Government has lost another strong team of lawyers. Edward M. Hyzer has left his post as General Counsel of the great Chicago & Northwestern railroad system; while Mr. Wheeler, high in the affairs of the Railroad Administration, has likewise forsaken official duties, and these two eminent lawyers will henceforth be associated in Washington, D. C., in the private practice of their profession. The return of Messrs. Hyzer and Wheeler to private legal pursuits is an added chapter to the "continued story" which relates the withdrawal of the best lawyers of the country from the public service. The explanation is that the duties are usually burdensome and the scale of compensation too much of a personal sacrifice. Mr. Hyzer was formerly Vice President and General Counsel of the great Chicago & Northwestern railroad system; while Mr. Wheeler was United States District Attorney in Wisconsin for many years before becoming a railroad General Solicitor, and Assistant General Counsel of the Railroad Administration. They have now returned to the lawyer's haven of delight where "the man who first invented work left it unbound and free," and have resumed practice before the Supreme Court, the Interstate Commerce Commission, the Federal Trade Commission, the Shipping Board and the Treasury Department, and other administrative branches of the Government.

3500 CERTIFICATES FOR REDUCED FARE ISSUED

State headquarters of the American Legion has received 3500 reduced fare certificates for the trip to New Orleans for the National Convention October 16-20, which will be distributed to post adjutants this week. Wives and relatives of legionnaires cannot use these certificates this year under railway regulations, unless they are members of the auxiliary. There are approximately 100 posts which do not have auxiliary units and a big rush will be made this week to organize units of the auxiliary. Headquarters of the legion has a few application blanks which may be secured. State and national dues total only 75 cents each in addition to unit dues. A member of the legion or auxiliary or a widow of a member of the legion can use the certificate costing them one-half the amount of railway fare as outsiders. Wives, mothers, sisters and daughters of members of the American Legion are eligible to join the auxiliary.

FOUR SPECIAL TRAINS TO RUN FROM OKLAHOMA

Four special trains will run from Oklahoma early Saturday morning October 14, to New Orleans carrying more than 3000 Oklahomans to the national convention. The Rock Island will run from Caldwell, Kan., through Medford and Duncan, meeting the other three special trains at Ft. Worth, Tex. The Santa Fe will run from Arkansas City through Oklahoma City and Ardmore; Frisco from Afton through Tulsa, Muskogee and Ada; Katy from Muskogee through McAlester and Atoka, with early morning train from Cushing through Tulsa connecting at Muskogee. The Rock Island and Santa Fe will run from Ft. Worth to Houston over the Santa Fe, while the Frisco and Katy will run over the Katy to Houston, all trains running from Houston over the Gulf Coast Lines to New Orleans where they arrive 8 a. m. October 16th, the opening day of the convention. One way fares are offered for the round trip, averaging from about \$30.00 from northern Oklahoma points to about \$23.00 from southern Oklahoma points, in addition to pullman fares. Full details can be secured from local railway agents.

MANY POSTS CHARTER SPECIAL PULLMAN CARS

Many Oklahoma posts are chartering Pullman cars for the trip to New Orleans and return, using the car as hotel while at New Orleans. 25 fares are required to charter a pullman car. If the car is full it will cost the "Buddy" from \$1.50 to \$2.00 per day only for pullman going and coming and sleeping quarters while at New Orleans. The pullman car can be chartered for \$54.00 per day for a standard and \$12.00 per day parking charges at New Orleans, in addition to a sur charge of 10 per cent the amount paid for rail fare. A tourist sleeper can be chartered for \$30.00 per day, same parking charges. Many small posts are co-operating with larger posts

in chartering a pullman car, which is much the cheaper way. About eight and one-half days are required for the round trip.

Lower Berth \$21.

A lower standard berth for the round trip to New Orleans would be approximately \$21.00 from northern points in Oklahoma to about \$17.50 from southern points. Tourist sleeper rates are approximately 1-2 the rate for a standard. If a pullman car is chartered the rate is much lower per person. On the return trip trains will leave New Orleans about 11:30 p. m. October 20th.

Reach Houston Sunday.

All special trains will arrive at Houston early Sunday morning, laying over until 9 o'clock Sunday night. The city of Houston will consider Oklahomans their guests for the day, taking them to Galveston Sunday morning and bringing them back to Houston for an entertainment during the late afternoon. Invitations were read at the state convention from the mayor, the legion post and practically every civic organization. A good time is assured.

ROCK BOTTOM HOTEL PRICES ARE ARRANGED

Hotels at New Orleans will be at rock bottom prices, \$1.50 per person a night without bath, \$2.50 with bath—three in a room. Or if occupying a room alone \$4.50 without bath and \$7.50 with bath. Every person wishing a hotel reservation should get in touch immediately with their post adjutant. Applications for reservations were sent them by state headquarters last week, and will be returned late this week. It is useless to write direct to New Orleans for hotel reservations, as reservations must be made through the post adjutant and state headquarters.

All Comforts of Home.

Those using pullman cars for sleeping quarters at New Orleans will find every convenience in the parking yards, which are within five blocks of the business district. Shower baths, barber shops, restaurants, etc., are provided in the parking yards.

To Build Tent City.

A tent city is to be built by the hotels and housing committee at New Orleans, in which a "Buddy" can obtain a bunk for "around 50 and 75 cents." The Buddy to bring his own bed linen. Regular police protection will be given the tent city.

Must Inform Adjutant.

Every person to go to New Orleans should inform his post adjutant this week, who must make fare reservations, secure reduced fare certificates for the round trip, or charter a pullman car, and announce the number to use hotels, pullmans, or beds in the tent city.

The London property, owned by King George as the Duke of Lancaster, has been held by the British royal family since 1260.

Regular meetings begin this week. Gus Everett, scoutmaster of Troop 10, met his boys last night with a good attendance. Scoutmasters Fullerton and Newcomb will be ready for their boys also at their regular meeting places. Roy Meeks, Scoutmaster of Troop 5, of the Christian church, will meet boys of Troops 4 and 5 at the American Legion hall Friday night.

Willard school troop, number 7, will meet Friday night. This troop will have as its scoutmaster Gilman Mackin, of the teachers college. Scout executive Harry W. Miller will meet these boys at Willard Friday evening.

Mayo E. McKeown will take charge of Troop 3 for the fall and winter. Midshipman Ned Morris of Annapolis will be present at the meeting and tell Troop 3 scouts all about Annapolis and Panama.

There will be big doings for Ada scouts this winter. Some fine prizes will be offered troops for advancement in scouting and increase in membership. There will be a big scout show some time this winter and prizes will be given to scouts for high standing and conduct in school and church work. If you are not in a scout troop, better join.

Rev. Charles L. Widney, pastor of the Episcopal church, will act as an examiner for the Court of Honor and we expect some very efficient help from him during the fall and winter.

Next week there will be a roundup all the scouts of Latta school, Fitzhugh, and Lawrence at Lawrence. Details about the roundup will be mailed each scout soon.

VAN OSS

We're having fine weather for gathering the crops, but a real good rain would brighten things up. Miss Rena Shaw left Sunday for Sulphur where she will attend school.

Misses Frances White and Ollie Auten visited friends at Ada during the week-end.

Miss Sidney Keel and Ed Walker were married last Saturday night at the home of Rev. and Mrs. Frank M. Lynn. The newly-wed couple will make their home here.

Pence Shaw arrived last week to spend a few days visiting his parents Mr. and Mrs. J. Z. Shaw. Ral Auten visited friends at Fitzhugh Friday night.

There is a revival being held by the Christian people this week. Everybody attended the services.

Mr. and Mrs. C. W. White and daughter, Berpice, returned home, Monday, from northern Oklahoma where they have been visiting.

Mr. and Mrs. Paul Sturdevant attended the Fair at Ada, Friday and Saturday.

Miss Ethel and Ruby Sturdevant are attending E. C. T. C.

Mr. and Mrs. J. H. Mullins took their little daughter to Ada, Saturday to have her eyes examined by an eye specialist. The baby's eyes which were in danger of losing their sight, are getting better.

WILSON

Sunday school was well attended Sunday morning.

Bro. Pullam preached for us at 11 o'clock.

L. A. Brandon and Miss Winnie Jeffrey were quietly married at Ada Saturday.

Mrs. Vandergriff was the guest of Mrs. Hillard Sunday.

The Misses Edith and Oma Pannell, Willie Beller and Chloe Fussell took dinner with Ina and Eva Brandon Sunday.

Mrs. Rissie Gibson has returned home after visiting relatives in Ada.

Mr. Coley has a very sick mule. Miss Velma and Gracie Golden attended Sunday School at Wilson Sunday.

Miss Frances Berger and Ada Schofield visited Mrs. Alice Vanergriff Sunday.

Mrs. Sarah Grogan of Pottawatomit county is visiting this community this week.

Mrs. Winnie Cassidy is spending her vacation at home.

Mrs. Annie Skates of Colbert visited her sister, Mrs. Cassidy last Thursday.

People around here are making more cotton than they expected a month ago.

BLUE EYES

In Paymyra, Syria, there is a flying physician who locates and visits his patients among the wandering Bedouin tribes by means of airplane.

Dewitt Jennings

Our personal recommendation goes with this picture.

A Popular-Priced Cord Tire Without a Rival

The new Goodyear Cross-Rib Tread Cord Tire is built with genuine high-grade long-staple cotton as a foundation.

It is liberally oversize—the 4½-inch tire, for example, measuring nearly 5 inches.

The deep, clean-cut, cog-like pattern of its tread affords excellent traction even in snow and mud, engaging the road like a cogwheel.

The scientific distribution of rubber in this tread—the wide center rib and the semi-flat contour—gives a thick, broad surface that is exceedingly slow to wear.

This new tire is a genuine Goodyear through and through—in design, in material, in construction.

It costs less to buy than the net price you are asked to pay for many "long discount" tires of unknown reputation and value.

Why be satisfied with less than this efficient tire can give—why take a chance on an unknown make?

Compare these prices with NET prices you are asked to pay for "long discount" tires					
30x Clincher.....	\$12.50	32x4 Straight Side.....	\$24.50	33x4½ Straight Side.....	\$32.15
30x Straight Side..	13.50	32x4 Straight Side.....	25.25	34x4½ Straight Side.....	32.95
32x Straight Side..	19.25	34x4 Straight Side.....	25.90	34x5 Straight Side.....	39.10
31x Straight Side..	22.20	32x4½ Straight Side.....	31.45	35x5 Straight Side.....	41.05

These prices include manufacturer's excise tax

Goodyear Cross-Rib Tread Cord Tires are also made in 6, 7 and 8 inch widths for trucks

Illness Stops Fierce Batting Rampage of George Sisler

COBB, DETROIT STAR, CONTINUES HITTING BALL CONSISTENTLY

Speaker and Heilmann Run Close for Next Honors Among "Big Four."

(By the Associated Press)
CHICAGO, Aug. 5.—Ty Cobb, the Detroit pilot, continues to sock the ball with marked consistency, in the American League, while George Sisler, the star of the St. Louis Browns, is kept out of the game because of illness. However, Sisler, fared better than the Tiger leader during the last week, as he made a gain of one point over his mark of the previous week, by playing in three games. Cobb on the other hand suffered a loss of three points in his last six games, according to batting averages released today and which include games of last Wednesday.

Cobb is topping the list with an average of .415 compared with .418 a week ago, while Sisler continues to be the runner-up with .405 a gain of one point over his mark of last week.

The other two members of the "Big Four" although not in the .400 class are tagging along behind the leading pair, Tris Speaker, manager of the Indians, being third with .364 and Harry Heilmann off the Tigers next with .357, each of whom has made rapid strides toward the top rung.

Blue of the Tigers took the honors of best run getter from Sisler, by registering 91 tallies, and Ken Williams, Sisler's teammate, deprived George of the total base honors, by boosting his total to 236 which is eight better than Sisler's record. However, Sisler's mark of 34 total bases is far above that of any of his opponents.

Six Homers in Six Days
Ken Williams gave the home run hitters something to shoot at when he cracked out six homers in as many days, and ran his string of four base blows to 28, giving him the lead for the season among the major league home run clouters, his closest rival being Rogers Hornsby of the St. Louis Nationals who has led the honor for several weeks. "Tillie" Walker of the Athletics has bagged 24 four baggers, and Babe Ruth is trailing the duo with 18.

Rogers Hornsby, star of the Cardinals, was deprived of some of his honors during the last week, although he continued to lead the batters of the National League, with an average of .391. This however is a falling off of seven points from his mark a week ago.

He bagged only one circuit drive, and brought his string of four basers to 27, but lost the honor of leading the major leaguers in this department to his townsman Ken Williams, of the Browns, who is one ahead of him.

Max Carey, the speedy outfielder of the Pirates, also took honor from the St. Louis favorite, when he showed a sudden burst of speed and stepped out in front as a run getter. Max scored 87 times, while Hornsby's total is 86. Carey also stole four more bases and is showing the way to the base stealers with 31 thefts.

Holds Base Record
Hornsby, however, in addition to being the leading batter and home run hitter in the league, has a good grip on the total base record with a mark of 280. His hits include, besides his homers, thirty doubles and seven triples.

Jay Kirke, the Louisville slugger, suffered a slight slump during the past week, while Wilbur Good, of Kansas City, who is making a strong bid for the batting honors of the American Association, retained his mark of a week ago, 371. By so doing he has tied Kirke, who dropped five points, for the runner-up whose average for a week ago, 382 honors to E. Brown of Indianapolis, remained unchanged.

Becker bagged another homer, bringing his total to 18, but is still four behind his teammate Bunny Brief, who is leading the home run clouters with 22.

Baird of Indianapolis who was tied a week ago with Matthews, of Milwaukee for stolen base honors, added another base to his string and now is in the lead with 20.

Fisher is Ace.
Fisher of St. Joseph is leading the batters in the Western league, who have played in 80 or more games, according to the averages released today and which include Tuesday's games. His mark is .390. Herman of Omaha, has an average of .438, but has played in only 66 games, while Fisher was in 109 contests.

Manush of Omaha is tagging along behind the St. Joseph slugger with .376, and East of Wichita is

MCGRAW VETERAN OFF ON BATTING RAMPAGE AGAIN

Casey Stengel.

Way back in the sticks of Mudville, we are told, Casey struck out. But Mudville's famous whiffer was no relation to New York's Casey. Stengel is the last part of his name. The veteran, who was supposed to "be all in," is banging the ball with much gusto for McGraw's pennant chase.

playing third fiddle with an average of .372.

Fisher is out in front in total bases, his hits including 41 doubles, 12 triples and 13 homers. His total bases are 274.

Bennett of Tulsa has scored 115 runs for his club, which gives him the honor of being the best run getter, and Davis of Tulsa, poled another homer and ran his string of four baggers to 22.

Eish and Hemingway, teammates on the Sioux City club are having a merry race for the stolen base honors all to themselves. Hemingway is out in front with 388 and Eish is trailing with 33.

Lapan Great Hitter
Lapan of Little Rock has been swinging the bickory with such telling effect of late that he has climbed to the top of .346 compared with a mark of .332 a week ago. Averages which are released today, include games of last Tuesday and are of players who participated in 80 or more games.

Schulte of Mobile who topped the league a week ago, is hitting .339, but he has played in only 61 games. Schleibner, a teammate of Lapan's, who has been making rapid progress toward the top, is sharing the honor of being the runner-up with Tucker of New Orleans. They tied for second place with .338.

Bogert of New Orleans who is next with .325, is the best run getter with 90 tallies to his credit, and Connolly of Little Rock, who is leading the home run nitters with ten circuit blows, is leading in total bases, his hits besides his four baggers including 23 doubles, and 12 triples.

Sliva of Birmingham added three more bases to his string and continues to show the way on the paths with 34 thefts.

Purcell Will Bring Best Stuff in Hope of Defeating Locals
Unverified reports in the city today said that Purcell, burning with a desire to defeat the Ada Independents, was making efforts to secure all the best ball players in that part of the state for the game here Sunday.

Manager Green said today he placed his confidence in the regular line-up he has been using all summer. Paul Waner, local southpaw, has returned from Gainesville and will be on the mound tomorrow. He made a good showing, especially at batting, while in the Texas city and promises to be in better condition Sunday than he was last Sunday.

Purcell has a fast team this year and tomorrow's prospects for a hot game are good, according to Mr. Green. He believes Adas home talent players will be able to control anything the visitors will be able to produce. Game will be called at 3:30.

Frederick.—The chamber of commerce has instructed its agricultural committee to secure and put into service free for farmers a wheat and small grain fanning mill, to be used for cleaning seed grain.

ICE MAKERS CROWD HIGH SCHOOL TEAM IN AMATEUR GAME

New Ada League Nine Asks Games With Industrial Squads of City.

Another amateur baseball team has made its appearance in the city. And as an opening event it played a zig-zag game with the fast Midget team Friday afternoon, losing when the Midgets rallied in the last inning with two runs. The score was 8 and 7.

The new team is composed of employees of the Southern Ice and Utilities company. It was only recently organized and yesterday was the first time it appeared on the field this year. An open challenge to any amateur team in the city has been issued. Teams from other industrial plants of the city are preferred.

In the early innings of yesterday's game the icemen snatched a 5 to 2 lead, featured by a homer by Potts. A fifth inning rally, however, netted the Midgets four runs and put them in the lead. In the first half of the seventh the icemen counted twice, taking the lead for the second time, but lost their advantage when Morrison's homer and an unearned run gave the game to the Midgets.

Webster pitched for the icemen and although he was not in practice, managed to get a number of strikeouts and allowed fewer hits than the Midget hurler. West filled the position behind the bat for the icemen. Bennett, Potts, and Snead were included on the lineup.

P. Waner, Morrison, Thusen, Shipman, Deavers, Anderson, McCoy were included on the Midgets lineup. The Midget men are scheduled for two more games in the city league. Hugh Bennett is managing the icemen and said today that anyone desiring a game should communicate with him at the plant.

By Norman E. Brown
—WHEN HE'S RIGHT
And in the mood for fighting.

Joe Lynch, once more bantamweight champion, makes a bid for a place alongside the great men of his class. But his off spells, his periods of apparent lassitude, keep him from the hall of fame.

It was during one of these listless spells, I believe, that Lynch lost his title to Pete Herman just a year ago.

Lynch, in the six years he has been fighting, has met most of the best little fellows. When he won the title Dec. 20, 1920, by outpointing Pete Herman in a fifteen-round bout, most folk predicted he would hold the title for some years. Imagine their surprise when Herman returned from England a few months later and on July 25, 1921, regained the title by outboxing and out-generalizing Lynch. Lynch's showing was so poor that many critics raised their eyebrows and said "Ho, ho" when they heard the outcome.

Then, when Johnny Buff, past the years of a good fighter, substituted against Pete Herman Sept. 23, 1921, and took the title from him Lynch's showing looked worse than ever.

It is almost unbelievable that the man who outclassed the game little Buff in their battle in New York the other night was the same fighter who put on the mediocre exhibitions against Herman. Lynch socked the clever and aggressive Buff at will. Feinted, ducked, side-stepped and countered like a world champion. Buff, game to the core, took a terrible beating for fourteen rounds before the towel was thrown in.

As Lynch looked that night as though he could reign for years. But how long will he hold that form?

Lynch is now nearly 24. He was born Nov. 30, 1898.

Frederick.—The \$150,000 school building now under construction here will be completed by September 1; the contractor has assured members of the school board. He said that receipt of finishing materials late had delayed the work to some extent.

ROOKIE HURLER THREATENS TO LEAD PITCHERS IN BAN JOHNSON'S LEAGUE

Herman Pillette in action.

Phenoms may come and phenoms may go, but Herman Pillette keeps right on humbling American League teams as fast as they are brought to Ty Cobb's rookie hurler has won twelve games or thereabouts, and lost but a third of that number. He is the big reason why

the Tigers are up with the leaders Cobb wouldn't trade him for Walter Johnson, Faber or Coveleskie. And to thing Pillette was thrown in for good measure in the deal which brought Johnson, another pitcher, from Portland for a wad of cash. Let Ty chuckle.

Girl Athletes From Canal Zone on Way To Games in Paris
(By the Associated Press)
CHRISTOBAL, Canal Zone, Aug. 5.—A group of girl athletes from the Canal Zone is now on its way to Paris for the International Women's Games which open in that city August 20. The young women are giving exhibition games at Havana and Bermuda, and in Spain on the way over. After the games they will tour Germany, England and Scotland and then come to New York about the middle of September. It is planned to have them appear in New York, Boston and Philadelphia.

The Canal Zone team consists of Lona Rathbone, Esther Greene and Mrs. C. H. Bath. Mrs. J. L. Greene accompanies the team as chaperone, and Homer Baker, physical director in the Canal Zone, will manage and coach the team.

Miss Rathbone has a record of 15 4-5 seconds for the 100 yard hurdles, and also does exceptionally well with the javelin and in the standing broad jump. Miss Greene has a record of 12 2-5 seconds for the 100 yard dash; 45 seconds for the 300 meter run and 4 ft. 7 in. in the running high jump. Mrs. Bath's best performance for the shot put, 8 pounds with right and left hand, is 55 ft. 3 in. She is incidentally the bowling champion and the champion sharp shooter of the isthmus.

BUFFALO BILL'S BIRTHPLACE IS WIDELY SOUGHT

(By the Associated Press)
DAVENPORT, Ia.—"Buffalo Bill" Cody's birthplace has become a subject of official investigation by the Davenport chamber of commerce.

The inquiry is due to efforts of the municipality to induce the Brotherhood of American Yeomen to locate in this vicinity the fraternal society's \$10,000,000 home for motherless and fatherless children.

An old farm house on the White Hall farm near LeClaire has been known for years as Cody's birthplace. The farm is a part of a tract of several thousand acres lying along the Mississippi river which the chamber of commerce has optioned and offered to the Yeomen as a site for the home. The Yeomen, it is said, were keenly interested because of the associations of the with the celebrated scout and Indian fighter.

Certain older residents of the countryside, however, say "Buffalo Bill" was born in a log cabin that may have stood in the general neighborhood for the farm house but has long since disappeared. The inquiry however is causing considerable interest, for regardless of its effects on the location of the orphanage, it is expected to settle the question of the exact birthplace of the famous plainsman.

Arabs salute each other by placing cheek against cheek.

LEGION OLYMPIC TO BE FEATURED

Prominent Overseas Stars Will Participate in New Orleans Meeting.

NEW ORLEANS, Aug. 5.—Prominent World War athletes from every state will compete in the first American Legion Olympic games, which will be held in conjunction with the Legion national convention in New Orleans, October 16 to 21.

Athletes representing all Legion departments will participate in a program including every contest provided for the inter-allied Olympic. The program will embrace water events, including plain and fancy diving, speed and endurance contests, golf and tennis tournaments, boxing, wrestling and track and field meets. Women of the Legion and its auxiliary will participate in track, field, water, and golf and tennis events.

Heavyweight Title Match
A decision bout between Bob Martin, who won the heavyweight championship at the tournament staged by A. F. F. fighters after the armistice, and Captain Roper, heavyweight champion of the service men who remained in America, will be one of the leading features of the boxing card. The fighters have never met in the ring before. The Legion bantamweight championship will be settled when Jonny Buff and Pal Moore meet in the convention ring. Other fighters who will appear at the New Orleans gathering are Harry Anderson, Iowa, bantam, Mike O'Dowd, Happy Littleton, Sergeant Smith and Harry Greb.

The Legion's activities will be supervised by a national athletic commission recently appointed by National Commander Hanford MacNider. Its members are J. R. Murphy, for-

mer University of Iowa football star, chairman; Grantland Rice, sporting editor, New York Tribune; Sam H. McMeekin, sporting editor, Louisville Courier-Journal; Frank Flannery, Chicago, former Washington and Jefferson star and Millard F. Kohler, Legion director of athletics in Kansas. Al C. Lindberg, Chicago, former track, football and baseball star of the University of Illinois, has been named secretary of the commission.

Amateur Athletics
Development of amateur athletics in the United States is the primary purpose of the Legion's athletic commission, according to Secretary Lindberg.

"American athletes walked off with almost every event in the inter-allied games held at Pershing Stadium in Paris, July 1919, and we have collected most of them into the Legion," Mr. Sternberg declares. "There is no reason why we cannot have an American Olympic each year, with these inter-allied prize winners to set the pace."

McAlester.—Virtually the entire Russian settlement in the vicinity of Hartshorne is expected to turn out for the double wedding Aug. 21 of Ollie and Pauline Barno, sisters of Russian descent, whose engagements to A. R. Zanovich and Pete Brovko, respectively, were announced recently. The parents are of Russian birth, but the girls were born and raised in Hartshorne. Zanovich and Brovko came to this country from Russia in 1913. The wedding ceremonies are to be carried out in true Russian custom.

NO ADVANCE IN ADMISSION

The Straight Line

When a railroad is constructed from one town to another, engineers strive to make the line as straight as possible. Because a straight route is shortest, quickest and least costly.

Business furnishes a parallel case — the line between the man who makes something and the man who wants something.

Advertising provides a short cut between the manufacturer and you. Advertisements make it possible to tell you in a few minutes all you want to know about the services or the articles you need.

A glance through this paper enables you to sift out the things that interest you, and in a moment you know just where and when to go for what you want.

Figure how many steps, how much needless walking and talking the advertisements save you and your neighbors. Then you will realize the great economy of advertising.

Don't spend your money blindly.
Read the advertisements.
